

# FARMING FOR PROFIT WORKSHOP

## LED BY DAVE PRATT

### Take your farm/ranch management skills to the next level!

Whether you're the first or fifth generation, grow crops or raise livestock, this workshop will give you new insights about farming, business, work, money and life.

You'll leave with tools that will improve your effectiveness as a manager and increase the profitability of your farm while protecting the environment.

- How to transform your farm from a pile of assets and a collection of jobs into a business
- Financial planning for ranches
- Sustainable grazing practices
- Interactive activities and hands-on exercises, to apply what you've learned
- Network with fellow producers

#### Featured Speaker:
