This Old Farm Letter of Intent

This Old Farm, Inc 9572 W County Road 650 S Colfax, IN 46035

To Whom It May Concern:

The purpose of this letter is to set forth a basic acknowledgement of our need for processing in an effort to establish an ongoing processing relationship. We look to This Old Farm to slaughter and process livestock to produce a market ready product for us to meet our growing market demand. I understand, pre-scheduling of 25 or more beef equivalents (3 hogs or 10 lambs = 1 beef) per calendar year will qualify me and my customers for new discounts* as well as expedited and chosen dates for slaughter appointments. By signing this letter of intent I will be set up to receive 10% off on all services billed under my account listed below. In addition, full custom cut sheet fee of \$50 will be waived for both me and my customers. Minimums still apply. If animals are canceled dropping below the 25 head per year, then an invoice will be billed to me in the amount of the 10% discount applied during that calendar year.
